SPECIAL BRANCH

28th day of April 19 82

1. The following information has been received from a secret and reliable source:-

2. "On Wednesday 21st April 1982 at 8pm at Privacy Privacy (the home of Privacy Privacy), the Paddington branch of the Socialist Workers Party held a branch meeting attended by 11 persons.

3. The meeting began with a discussion on "The Falkland Islands Crisis", led by Privacy. Confusion arose amongst those present over which country, if any, to support. The meeting eventually came to the conclusion that a peaceful settlement was necessary and that Britain should withdraw the task-force instead of wasting public money which could be put to better use creating jobs for the unemployed.

4. It was announced that the trade unions involved in the current hospital pay negotiations will ask their members to support a two hour withdrawal of labour on 28.4.82. SWP members were urged to leaflet hospitals with bulletins and sell the "Socialist Worker" newspaper to workers involved in the dispute.

5. The subject of a regular venue for branch meetings was then raised, and, as the Lisson Green Estate Residents Association decided that it did not want Paddington SWP to continue meeting at their club, meetings would be held at members homes until a more suitable venue could be found."

6. The undermentioned persons were identified as being present at the meeting:-
