METROPOLITAN POLICE S.D.S.

SPECIAL BRANCH

14 day of September 1976

1. The following information has been received from a reliable source:-

2. "On Thursday 9 September 1976, from 8.30pm to 10.30pm, at the Kings Arms Public House, High Street, SW15, the South London Group of the Anarchist Workers Association held its regular weekly meeting. The meeting was to have been held at the Peoples Aid and Action Centre, Falcon Road, SW11, but because only four persons were present the venue was changed in the hope of contacting Privacy, a former member known to frequent the hostelry. In the event, Privacy was not seen.

3. The main topic of discussion concerned the Group's future. Privacy stated that few members were attending meetings regularly and, with Jim PICKFORD being involved in 'Pavement'; Privacy in the Fare Fight Campaign and himself in the Battersea Redevelopment Action Group, there was little hope of any immediate improvement.

4. The anti-fascist demonstration in Blackburn on 11 September and the Chile Solidarity Campaign March in London on 12 September were then discussed but nothing of particular interest was raised.

5. Finally, it was agreed that the Group would donate £10 to the Fare Fight Campaign."
