

Carlo Neri Additional Statement

I make this additional statement in support of my application for restriction orders to protect my true identity.

In my statement dated 18 February 2016 on page 1 I referred to the fact that one of the organisations I was tasked to infiltrate when operating as an undercover officer, No Platform now operating under the name ANTIFA, was still engaged in confrontational activity. Since my earlier statement ANTIFA have been involved in the following incidents:-

02/04/2016 Dover anti-immigration march.

06/05/2016 Bristol anti-immigration march.

06/06/2016 Brighton anti-immigration march.

12/07/2016 Dover anti-immigration march.

This recent and on-going activity causes me to believe that people associated with the organisation would actively seek to identify me with the intention of seeking some form of revenge against me and my family for my undercover deployment.

Signed.. Carlo Neri dated 1/11/2016
