

Gist of Impact Statement of an adult child of HN349

The 8 paragraph statement sets out where the adult child lives and details of their own family. The statement goes on to provide details of current and past professional/employment situations, extent of online presence and how both family and employment would be affected by HN349's real name being identified. Particular instances of concern arise from their employment and social life.

The statement gives an example of one long-term friendship which would almost certainly end if HN349's name was released. They set out their own lack of knowledge of HN349 working for the SDS until recently.

HN349's child describes their partner and their children and the fact that they do not know about the SDS connection and concerns about the impact upon relationships within the wider family. They also set out a particular concern about their partner's career being affected.
