

## In the matter of Section 19(3) of the Inquiries Act 2005

### Application for a restriction order by 'Bea'

#### Ruling

#### 'Bea'

1. 'Bea' was designated a core participant in Category [H] in [core participants ruling 31](#). She had a sexual relationship with HN78 whom she knew as Bobby Lewis during his deployment as an undercover officer. I am told, and accept, that she found the revelation of the fact that he was to be deeply distressing and that she has struggled to come to terms with what she regards as a severe invasion of her private life. She does not wish to have her privacy further violated by disclosure of her real name as a result of her participation in the Inquiry.
2. I accede to her application for the reasons which she has given. There will be a restriction order in respect of her real name.
