1. The following information has been received from a reliable source:-

2. Privacy of Privacy
Privacy is at present attempting to contact members of International Socialists who are in the Clerical and Administrative Workers Union. He is proposing to call a meeting to discuss experiences and prospects within the union as a first step towards the drawing up of a programme of policies with which it is hoped the most militant and advanced workers can fight.

3. Privacy would like members to give priority to assessing the work to be done in this campaign and their capacity to do it, given that the C.A.W.U. covers several industries, that activity must take place on all levels, and a complex picture is most likely to emerge before plans can be drawn up.

4. References to persons and organisations mentioned in this report and having previously come to the notice of Special Branch are shown below:-
