SUBJECT October
27th. Autumn
Offensive.

Reference to Papers

346/68/15 Pt.3.

The following information has been received from a reliable source :-

"Although none of the University College of Swansea political associations is taking part in the October 27th. demonstrations in London, a special "Action Group" has been formed to send a small party to London on that date. The organisers of this party are undoubtedly the group of students who call themselves "Anarchists" whom the student's official Union has refused to recognise or support financially. It is thought that the party will not exceed 50."
