Surname CRAMPTON Warrant No. 2009

Give a detailed account of the officer's stronger and weaker points in intellectual ability, personality and temperament, character, ambition and capacity for growth, and any other factors which may assist the Selection Board.

Miss Crampton joined Special Branch on the 13th December 1965 and has had experience on the naturalisation section from January 1967 and March 1968, and latterly has been engaged in the investigation of communist activities.

Since March 1968, she has held the rank of Acting W.D.S. and has accepted her responsibilities willingly and takes them seriously. She is hard working, and can be relied upon to do her best at all times.

A pleasant individual, she takes a keen interest in the training of junior women officers, and such is her quiet, intelligent and perceptive approach to this task, that all are making good progress.

She has an extremely good knowledge of the activities of the Surrey District Committee of the Communist Party, and has made a special study of its women's section.

Miss Crampton has assisted in three prosecutions, all of which have resulted in convictions.

For three months prior to the demonstration of the 27th October 1968, she was engaged on specialised work and due to her initiative and keenness, much valuable information was obtained.

I have no hesitation in recommending her promotion to Woman Detective Sergeant.
