Privacy

3. Privacy is employed full-time in Bethnal Green as an assistant to Privacy, the I.S. 'Socialist Worker' organiser. As a result she has access to a considerable amount of information on IS activities at a local and national level. Privacy undoubtedly obtains much information from her which he finds useful in his conflict with the IS leadership.

4. She is believed to have been at Oxford University and prior to moving to London about eight months ago she was a member of Oxford IS. Despite her intelligence she tends to be dominated by Privacy and she always supports him in his political manoeuvrings.

5. Privacy's description is:-

Aged about 23 years, height 5'5", shoulder length lank brown hair, oval face, brown eyes, pale complexion, large nose, usually untidily dressed. No sense of humour - very political in outlook."

6. This woman first came to the notice of Special Branch on 8.11.72 when she was reported to be interested in IS activities. Since then her attendance at meetings of Fulham and Hammersmith IS has been regularly recorded. She has also attended demonstrations organised by the Anti-Internment League and the Stoke Newington Eight Defence Group.
