1. The following information has been received from a reliable source:-

"The Birmingham Branch of the Irish Solidarity Campaign has issued a statement to the Press calling on all Irish organisations in Britain, who have adopted a Civil Rights or revolutionary stance to now demand the withdrawal of British troops from the six counties".

The statement accused British troops in Northern Ireland of "base brutality" and stated that the reason why CS gas was not used against the nationalist population in recent incidents was because it would embarrass the prosecution in the CS gas trial".
