1. The following information has been obtained from a reliable source:

2. "A number of London branches of International Socialists claim to have started "Socialist Worker" discussion groups within factories in their areas. They feel this is a break through as they now have worker-members writing factory bulletins from the inside so giving IS considerable industrial credibility.

3. The factories in which IS claim to have such discussion groups are as follows:

- Radio Times - Park Royal
- CAV - Acton
- MK Electric - Edmon...
- Parsons - Erith
- Frigidaire - Colindale
- Fords - Dagenham"
