Special Report }
[REDACTED]

SPECIAL BRANCH

...25... day of ...July... 19...73

SUBJECT

West Middlesex

I.S.

Reference to Papers
[REDACTED]

1. The following information has been received from a reliable source:-

2. West Middlesex region of International Socialists has recently set up two new branches within its area. These are Southall and Feltham branches and are being organised by the Harlesden and Ealing branches respectively.

3. These new branches are very small and each has only six or seven members. However, the Southall branch is believed to be composed of local immigrants and is the first step in the IS campaign of making an effective presence in the immigrant community.
