

## **EN291 – GISTED SUMMARY OF ADDENDUM MEDICAL REPORTS**

1. In support of EN291's application for a restriction order over his/her real identity, EN291 relies on an addendum psychiatric report prepared by Dr Walter Busuttill, Consultant Psychiatrist, dated 9 June 2019, and a letter addressing EN291's up-to-date medical records, also dated 9 June 2019.
2. In his addendum report, dated 9 June 2019, Dr Busuttill sets out his opinion that EN291 has continued to suffer from significant mental illness and that EN291 is currently suffering from a mild to moderately severe depressive episode with anxiety symptoms. Dr Busuttill confirmed that EN291 continues to suffer from significant mental illness, as was diagnosed in April 2017, and the severity of the same has not altered.
3. By letter dated 15 May 2019, Dr Busuttill was provided with updating general practice records for EN291. Dr Busuttill confirms in a letter dated 9 June 2019 that he has read those records and re-read his original reports. In Dr Busuttill's opinion, these updating general practice records for EN291 support his original opinions. Dr Busuttill states, in his letter dated 9 June 2019, that his opinion and recommendations remain unchanged after reviewing the medical records he has been sent.
4. Both the report and the letter dated 9 June 2019 conclude with the following expert's declaration, "I confirm that I have made clear which facts and matters referred in this report are within my own knowledge and which are not. Those that are within my knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinions on the matters to which they refer."
