S.K. Memorandum ——— 1A.

Commander 'Ops'

1. You are, of course, aware that a number of "field officers" have nearly completed what may be considered to be their useful and effective life on S.D.S.
2. I therefore intend to inject D.C. Clark (who has worked in the office) into the S.D.S. alongside one of those to be withdrawn.
3. D.C. <sup>1</sup>HN13 who has been away from C.O. for over two years is not generally known and has not yet become too involved in 'B' Squad. He is likely to be a most suitable candidate.
4. If you agree these proposals I will implement the necessary action.
