Special Report

SUBJECT
NICRA (London)

- 1. The following information has been received from a reliable source:

"NICRA (London), in conjunction with Clann na h'Eireann and the Irish Solidarity Campaign, are planning to hold a 'massive' demonstration in London on Sunday 11th July 1971. The exact object of the demonstration is not yet known, but it will apparently be aimed at involving the politically uncommitted Irish population in this country.

Dermot KELLY, chairman of NICRA (London), optimistically states that he will aim for 50,000 persons to participate."
