Special Report

SUBJECT

1. The following information has been received from a reliable source:-

2. "During the pre-Christmas period the Revolutionary Communist Tendency intends to hold a series of 'lightning' demonstrations and incidents in support of the 'H-Block' hunger strikers. Notification of any such actions will be given to supporters at short notice by telephone, presumably to minimise the possibility of the 'surprise element' being lost. In view of the obvious difficulties in people being available at short notice, any incidents would probably not involve many participants."
