S.B. memorandum

Commander, 'Operations' :

You will recall that it was agreed that Detective Sergeant CLARK should no longer serve 'in the field' and you will be happy to know that, to date, his withdrawal has been accomplished without incident. There are a number of items still to be attended to but CLARK will be available for other duties from 22nd November, 1976.

In accordance with the views expressed by D.A.C., that a certain amount of freedom of choice should be extended to them at the end of their SDS duty, Sergeant CLARK has asked to be posted to [redacted] [1] a location outside the area of his deployment [redacted]

I fully support his application for such a posting. [redacted] [2] the posting would not entail a house move or untoward expense to the Receiver. [redacted]

In the light of this move it will be necessary to replace CLARK and I ask that Detective Constable [redacted] [3] HN80, at present at [redacted] [4] be posted to 'S' Squad with effect from [redacted] [5] December, 1976, as previously agreed. [redacted] [6]

May the necessary arrangements be made with Commanders, [redacted] [6] please? [redacted] [7]

David Bicknell

Chief Superintendent.

In connection with his departure from SDS, I interviewed J/S Clark reminding him of the personal responsibility incumbent upon him to ensure the continuing security of SDS.

I also spoke with J/S [redacted] and reminded him of his responsibilities in connection with an ex-member of SDS coming under his supervision.

Now P.A.
