1. The following information has been received from a reliable source:-

2. "[redacted] Privacy [redacted] Privacy", has recently been taking an active part in the Irish National Liberation Solidarity Front. He attends the London School of Economics on a Transport and General Worker's Trade Union scholarship and is the owner of a Vauxhall Victor motor car index [redacted] Privacy. He is a married man with one child.

3. Ed DAVOREN, General Secretary of the Irish National Liberation Solidarity Front, has 'gone away on business for a few days' but is expected to return shortly. DAVOREN disappears every three or four months for about a week at a time. It is a very closely kept secret in the organisation where Davoren goes to and very few members know his destination. It is thought that the financial affairs of the organisation will improve when DAVOREN arrives back in London.

4. [redacted] Privacy has stated that the Irish National Liberation Solidarity Front cannot continue to use the premises at [redacted] Privacy as its headquarters and the committee is now looking for new premises preferably with a shop front so it could be used as a book shop. The office would have to be sited in an 'Irish area', ie Kilburn or Camden Town. [redacted] Privacy stated that having the offices at her home was causing conflict between herself and her husband as they found it impossible to have any time to themselves".
