[REDACTED]

MEMORANDUM.

Chief Superintendent "S" Squad.

1. As you know, the Workers Revolutionary Party has recently opened an education centre at White Meadows House, Parwich Lane, near Bradbourne, Derbyshire. It is intended that this centre should be used for the training of Party officials, who would attend courses of a week's duration.

1 [REDACTED] HN298 has been invited to attend such a course. In line with usual WRP policy he will be warned to attend only a day or so before the commencement of the course, and permission is sought, at this stage, for this officer to travel to Derbyshire.

2
3. As well as gaining useful security information, such a visit will undoubtedly do much to consolidate HN298's standing in the WRP - an organisation notorious for its security consciousness.

Special Branch.
