SUBJECT  
International  
Socialists

Reference to Papers  
100/15/11

1. The following information has been received from a reliable source:-
2. "The National Committee of the International Socialists have accepted, in principle, that an I.S. candidate should stand in the Walsall by-election in the event of John STONEHOUSE MP being expelled from the Labour Party. This has caused much concern within the organization, as many of the members consider it a grave mistake."
