1. The following information has been received from a reliable source:

2. "On Sunday 27 November 1974 at 6pm a meeting of The Workers Revolutionary Party (North London) took place at Privacy, N16.

3. The main subject of the meeting was the WRP demonstration which had taken place earlier that day in London and the subsequent rally at Trafalgar Square.

4. All present agreed the demonstration had been a great success and felt that future demonstrations would provide further opportunities for 'building the Workers Revolutionary Party'. A motion was therefore carried that the North London Group should submit a report to the Central Committee of the WRP to persuade them to organise further demonstrations.

5. Privacy, North London Secretary, stated that the speech by Privacy for the Irish Joint Action Committee should not have been allowed as it might present the police with an excuse for refusing Trafalgar Square to the WRP in future. He felt Privacy had obtained access to the platform through Privacy and if this proved to be the case some action to censure Privacy should be taken. The majority of the meeting however felt the speech must have been approved by the Central Committee so this motion was not included in the branch report.

6. Privacy, North London 'Workers Press' sales representative said the regrouping of the area into four main paper sales branches should permit the organisation to expand from 2½ gross to 3 or 4 gross daily by March/April. The new sales areas were:-

a) Hackney and Dalston

b) Highbury and Islington

c) Holloway and Finsbury Park

d) Tottenham and Haringay

7. Privacy asked, in view of the proposed expansion of paper sales, that each member should endeavour to support their present vendors by assisting at least one day a week on a rota basis. Privacy agreed and said he would arrange a rota list for distribution at the next Group meeting.

8. The following were amongst the 25 persons present:
