

C.B. No. 1 (Form 1)

METROPOLITAN POLICE S. D. S.

(COPY)

SPECIAL BRANCH

12th day of August

1976

SUBJECT

1. The following information has been received from a reliable source:-

2. "According to present arrangements, the I.S.D. shall be calling for a national mobilization of its members to participate in the anti-fascist demonstration at Blackburn on September 11th; this, it is estimated, will involve 100 members.

3. The I.S.D. in London will be organizing coaches to take supporters to the demonstration on an area basis, trying to involve the I.S. in building for the mobilization. However, whilst the I.S. has been giving verbal support to the demonstration, it is felt by members of the I.S.D. that the I.S. in London will give priority to the fight to halt marches, which take place during the week before the planned demonstration."
