Special Report

SPECIAL BRANCH

...4th...day of...September...1979.

SUBJECT

1. The following information has been received from a reliable source:-

2. "On Tuesday, 28th August, 1979 at 7.00pm at (the home of Privacy) the North-West London Socialist Workers Party held a District Committee meeting, chaired by Privacy. Some eight persons attended.

3. The main item on the agenda was a discussion about a letter received from the Secretary of Hackney SWP, describing an act of vandalism at a fund-raising party held in that area in which it was alleged that Privacy a member of the District Committee had set fire to a garden fence and some chairs and later started a fight when asked to leave the party. Privacy an East London SWP member, had also been involved in the incident and had been suspended from participating in SWP activities for three months. The letter asked for Privacy expulsion from the SWP as he had already received a three month suspension for previous bad behaviour. After a lengthy discussion, during which Privacy denied all the allegations made against him, it was decided that the matter would go before the Central Commission which would decide his fate.

4. Privacy explained that due to his liaison with local Sinn Fein and United Troops Out Movement (UTOM) groups a mass leafletting would take place outside the gates of Roundwood Park, NW10 at 2.00pm on 8.9.1979 to protest against the Army's presence at the Brent Show being held in the park. It was anticipated that a few blanketed UTOM demonstrators would attempt to disrupt the Army's recruiting exhibition and display at the Show, although no volunteers had yet been found."
