3. Privacy was born in Privacy circa 1957, where her family are believed to still be living. Upon failing her 11-plus examination she was educated at a private school and then attended Privacy University, believed between 1975 and 1978, where she studied Politics, Philosophy and Economics. She is presently employed by the Probation Service in Privacy, where her duties consist of finding temporary accommodation for newly-released prisoners and other homeless persons who come into contact with the Service. It is proposed by members of the 'Revolutionary Marxist Tendency' that she will become a full-time worker for the group in the near future, although this has not yet been fully decided.

4. Privacy first became involved in politics during her studies at Privacy University where she took a keen interest in the feminist movement. After leaving University she became associated with the 'Revolutionary Communist Tendency' during which association she was given the party name of Privacy. As a result of dissatisfaction with the methods of the R.C.T. her contact ended, although she remained in touch with other R.C.T. 'dissidents'. Following discussions with members of the 'Revolutionary Labour League' she has now fused with that group, together with other former members of the R.C.T. to form the 'Revolutionary Marxist Tendency'. Within this group Privacy has now adopted the party name of Privacy."

5. Privacy is described as under:-

Height 5'11"; short Mousey cropped hair; slim build; tanned complexion, wears silver/gold rimmed spectacles fairly permanently; dresses scruffily.
