1. The following information has been received from a reliable source:

2. "The newly formed South Tottenham Branch of the Socialist Workers Party intends to hold meetings every Wednesday evening, commencing at about 8 pm. Due to the lack of a permanent meeting place at the present time, the group will gather at the West Green Tavern, West Green Road, N15 until such time as premises of a more suitable nature can be found.

3. The former Tottenham Branch of the Socialist Workers Party has apparently divided into three new groups in the hope that a more localised effort in each of the new areas will provide a good basis for increased recruiting."
