

S.B. No. 1 (Plain)

METROPOLITAN POLICE

SPECIAL BRANCH

Special Report

12th day of May 1982

SUBJECT

1. The following information has been received from a secret and reliable source:-

2. "Privacy, a former member of the Finchley branch of the Socialist Workers Party, has not been seen in SWP circles in the North-West area of London for the past two and a half years. She originally joined the party during a wave of local SWP activity at her school engendered by Privacy. However, she quickly lost interest, probably due to Privacy leaving the Finchley area, and her parent's insistence that she spend more time studying for school examinations."
