SUBJECT

1. The following information has been received from a secret and reliable source:-

3. His level of SWP activity is governed by his heavy involvement in trade union work. 4. He continues to work as a teacher at Privacy School, Privacy

5. His wife, Privacy, is also employed as a teacher, and, although she does not agree wholeheartedly with her husband's extreme left-wing views, she has recently become actively involved with her local branch of the National Union of Teachers (NUT).

6. His daughters, Privacy aged about 15 years, and Privacy aged about 11 years, both attend Privacy School, Privacy where they have recently come under the influence of the several SWP teachers employed at the school. This has become more apparent in the case of Privacy who has attended several functions organised by the Socialist Workers School Students Organisation (SWSSO).

7. Privacy has recently purchased a brown Austin mini-van, index no: Privacy
