SOCIALIST WORKER front page on the rail strike, calling for support from other workers.

RAIL STRIKE:-we must respond quickly to the Tory attempt to take on ASLEF. We will be producing a SW Rail Strike bulletin to go out with SWs, aimed at rail workers. The bulletin will contain local news from pickets etc, as well as argument about winning the strike. Reports for the bulletin should be phoned in to 01 986 3955 by midday on Mondays. The bulletin will come out several times during the strike when it seems necessary. There will also be a national SW leaflet urging other workers to support ASLEF. Artwork for this leaflet will be sent out with the SWs.

There are pickets at most stations. They are friendly towards us and grateful for practical and moral support -offer to help drive delegations round to other stations and depots as well as arranging delegations to other workplaces to put their case. Make sure all pickets are covered regularly with SW and the bulletin, and make sure we cover all NUR members in stations, staff canteens, pubs near stations etc.

We can meet many individuals who will take SW regularly after the strike if we work properly. And we can get in regular contact with many more railworkers.

SOCIALIST WORKER Shop Stewards School:- Saturday 10 July, Holborn Library, Theobalds Road, nearest tube Holborn Kingsway 10.30. In view of travel problems make sure cars are fixed in advance or coach tickets booked now -don't leave it until the day as the coaches are packed. Please ring in with the numbers expected from your area so we know approximately how many are coming.

HEALTH SERVICE:- the three day action is still going ahead from the 19th. We need to push for

1. delegations of health services workers to visit other workers to ask for support. Approach shop stewards, NUPE branch secretaries etc to offer help in arranging this.
2. resolutions in trade union branches, shop stewards committees etc pledging support for the health workers when they take action. Get a hospital worker invited to discuss practical aid.

We must keep up the regular SW sales at all hospitals as the three day action approaches. The individual contacts we pick up now will be very important in the long run.
