METROPOLITAN POLICE

S.D.S.

Special Report

SPECIAL BRANCH

...24th day of January 1984

SUBJECT

1. The following information has been received from a secret and reliable source:

SUBJECT:

Socialist Workers Party

2. "The Socialist Workers Party (SWP) Central Office at 2/3 The Oval, London E2, is soon to employ a 'BBC' type computer in favour of their present 'home-made' one. The programme presently being created will deal with most organisational matters but the membership list will be specifically excluded for security reasons; it is felt that this material is too easily retrievable by persons with even a minimal knowledge of computers."
