NOTE FOR FILE

1. I went down to the SDS on the afternoon of 13 May for a routine meeting with them. I had two briefs to discuss: one from F7 [REDACTED] and one from F7 [REDACTED]. I had also been asked by F2 if the SDS could try and obtain some information about an MOD Civil Servant and his wife who are believed to have got involved in the SWP in London.

2. The SDS produced a whole lot of documents which had been returned to them by one of their outgoing "hairies" which he had been keeping in his house. They also produced a recent SWP paper and an article on the Portobello Anti-Nuclear Group.

3. We agreed to meet again at 1200 on Tuesday 26 May in my office.
