

Colours		Other	
	Module 2b supervisor (Superintendent or above)		Fully outlined = confirmed start & end dates
	T1 manager: Chief Inspector (head of SDS) *		Missing vertical line(s) = unknown start/end date
	T1 manager: Inspector *		Dotted = possible dates
	T1 office-based Sergeant or Constable *		Bold vertical line = SDS join date (UCO)
	T1 undercover officer ('UCO') deployment		Bold diagonal line = longstop start or end date **
	T2 individual		Promotion
	Redacted: Deployment start and/or end date		UCO to back office
	Gisted: Longstop deployment start or end date		Bramshill (training)
			Overseas service
		(d)	Deceased
		(n)	No witness statement sought, at time of writing
<p>* NB some of the early SDS managers may have also deployed undercover: HN325, HN332, HN294, HN1251. See further paragraph 3(b) of the explanatory note: https://www.ucpi.org.uk/wp-content/uploads/2022/05/20220309-Tranche_One_Timeline-explanatory_note.pdf</p> <p>** The 'longstop' is the earliest or latest date something could have happened, in cases where the actual date is unknown. For example: We do not know exactly when HN80's deployment ended. We know the SDS was "shortly withdrawing" him as at 24 November 1981 (UCPI0000028840), and that he had "been withdrawn" as at 11 March 1982 (UCPI0000027519). Therefore, his deployment must have ended at some point between 24 November 1981 and 11 March 1982. This is reflected on the timeline with a 'missing vertical line' as at November 1981 and a 'longstop bold diagonal line' in March 1981.</p>			

Health warning: These figures apply *only* to Tranche One, *not* the SDS as a whole. For example: HN68 counts as "UCO only" in the context of Tranche One, but would count as 'Module 2a only' in Tranche Two.
