*Dear Colin*

I am writing in reply to your letter of 22 March to Waddell, who is on leave.

We are content that the activities you write about should continue for a further year provided that you are satisfied that the effort is productively worth while and provided above all that those concerned are not allowed to become complacent about security, which has been successfully maintained up to now.

This letter may be taken as authority to continue with the arrangements.

*Yours etc.*
