1. The following information has been received from a reliable source:

2. "At 7.30pm on Wednesday 20th February 1980 at 14 Saltram Crescent, W9 the Kilburn Branch of the Socialist Workers Party held a branch meeting, attended by about eight persons.

NO NAZIS IN SOUTHWARK

NF? NO!

Anti Nazi League

THE NAZI National Front is proposing to stage a provocative march through the streets of Southwark on Sunday 2nd March. The purpose of this exercise is a desperate attempt to rescue their declining fortunes.

After being obliterated in the last General Election they are now split into bitterly divided Nazi factions.

These Nazis have not gone away and this march is being staged to revive their shattered morale. In a desperate bid to rebuild a base in Southwark they are attempting to use the issue of mugging.

But the Nazis of the National Front have been terrorising the black community all over the country. Black people have been murdered, homes and shops set on fire.

In South London, anti racists have been assaulted at East Street Market by the Nazis.

NF stormtroopers attempted to bomb union place, a community resource centre used by trade

unionists and anti racists in Southwark.

An SWP meeting on the cuts was smashed up and 4 people had to have hospital treatment.

So who are the muggers? Apart from Front activity, street crime in Southwark is on the decrease (Metropolitan Police statistics).

The National Front is a Nazi Party. Their aims are no different from the aims of Hitlers 'azi Party. They intend to come to power by dividing the working class. They thrive on fear and the decay of inner city areas. They blame the black people for all the social and economic problems of the country.

These problems are created by the system we live in and not by black people.

We should not be fooled by these Nazi thugs.

We appeal to all people of London to come out on Sunday 2nd March and stand up to these Nazi thugs parading through the streets of Southwark.
